And the fun continues all through the winter

Magical Advent, masses of snow and New Year's Eve parties all part of the joys of winter and so too is our winter active programme with Günter and his team! Fun and action for everyone is our motto. If you've stayed with us at the Hotel Felben in winter before, you'll know what we're talking about! If not, we've chosen a few typical winter highlights to give you an idea of what you've been missing! Of course, our receptionists are happy to give you further and more detailed information.

Ski courses at the hotel

Step outside our play room and you'll find the "Felben Ski World" children's ski slope with its magic carpet lift. Our caring and qualified ski instructors will playfully teach your children the basics of skiing on four mornings a week. Here at the Hotel Felben a piece of pizza isn't just something to eat...? And of course we have ample ski equipment and children's helmets for hire here at the hotel.

Cross-country skiing course with Günter

An absolute must for those who want to enjoy skiing in its purist form. The hotel has its own equipment and the free course starts right outside our front door on the local Felben trail. If you already have cross-country skiing experience, Günter can help you to improve your skills and show you how to master the technique of "skating". A particular highlight is our trip to the sunny, high altitude trail with Günter.

14 km toboggan run

The 14 km long toboggan run in Neukirchen, probably the longest natural toboggan run in the world, is just a short drive away. Even the cableway ride up to the Wildkogel is an exciting experience for the whole family. After a short walk to the start of the run, the kids usually manage to get their parents to pull them up on their sledges, it's downhill all the way!

Kitzbühel ski area

Kitzbühel has a unique flair of its own which not only attracts celebrities, but normal holiday-makers looking for a very special skiing experience. And you don't necessarily have to start on the "Streif", Kitzbühel's world famous downhill run. There are more than 170 km of pistes of varying levels to choose from. Ski passes can be obtained at the hotel and a ski bus (crossroads in front of the hotel) brings you to the Panorama cableway at Hollersbach free of charge.

Curling competition

Austrian curling stones are available at the hotel for aspiring "curlers" of all ages. With a few tips from our staff you'll get the hang of this great winter sport in no time. The weekly curling competition is always great fun and a popular evening event. To keep your spirits up during the competition and to ward off the cold, warming "Jagatee" is served from a copper kettle. An evening of fun for all the family!

Snow shoe hiking

If you're looking for something more sedate, but still want to enjoy the breathtaking mountain panorama and crisp winter air, you should try going on a snow shoe walk. The walk takes you off the beaten track, across snow covered meadows and through enchanting woods where nothing can be heard but the crunching of the snow beneath your feet. Pure winter enjoyment!
